Comments about [Audio Diary 2014-2017](#) - King Crimson

SoSok

This is a CD only for the one thousand club members and is a Limited Edition. And is presented to the members of the one thousand club for a live concert of King Crimson I have mine at the concert in the concert hall in Amsterdam on 13 juli.

LONUDOG

Yes jurehumar, it's only for those who bought the Royal or Courtiers Package at shows, not for the 1000 club.

Munigrinn

I don't understand. As far as I know, this is not for 1000 Club members as I am one and have not received it. This is for those who have attended the Royal Package at shows.

Shistus

This doesn't appear on the DGM/Panegyric websites at all. Is this really legit?

Captain America

it's only for buyer of very expensive royal ticket in the 2017/2018 tour

Mr.Bean

It isn't sold online. It is a boxset given out to the people who buy a Royal Package on KC current (2018) tour. I don't know if it will be sold at later times. The DGM site did mention it a couple of times and explained the contents.

Hellblade

It is 100% legit. It was never sold as it was part of limited Royal Package for those who bought premium seats for the concerts.

Jairani

So they're live renditions from tours dating 2014 - 2017?

Jox

Official but only available in the Royal Package VIP tickets on this EU/UK 2018 tour.

INvait

Thanks for clearing that up! Guess this one's gonna get past me.

I am hcv men

Yes. It's a special set which is part of the VIP ticket package. Not available to others.
